

It is very hard for me to tell you briefly of the impact WOAI and Clear Channel Communications have had on our organization, but I'll do my best. In 2003, Family Service Association celebrated its 100th anniversary serving this community and yet has been largely unknown outside of the non-profit community and our clients. To date, WOAI has been incredibly willing to help us publicize the work we do and in fact has looked for additional ways they could help. They are known within the non-profit community as a terrific community partner. And the outreach to our agency has come from every facet of the TV station, its sister radio stations, their outdoor advertising division and Clear Channel Communications corporate office. The on-air personalities, corporate executives and virtually everyone we've come into contact with has embraced our organization and been extremely helpful. I can't say enough about what WOAI and the entire Clear Channel family means to this community. Their heart is evidenced in all they do here.

Thank you for this opportunity and please don't hesitate to call me if I can answer any questions.
